

MAYURI SACHIN TURKANE

Full Stack Developer | MCA Graduate | Pune, India

+91 80103 88611 | mayuri.turkane12@gmail.com | [linkedin.com/in/mayuri-turkane-39954532b](https://www.linkedin.com/in/mayuri-turkane-39954532b) | github.com/mayuri-turkane

PROFESSIONAL SUMMARY

Motivated Full Stack Developer and MCA graduate with proven experience building end-to-end web applications, RESTful APIs and computer vision systems. Skilled in React.js, Next.js, Python, Java, MySQL. Demonstrated ability to integrate payment gateways (Razorpay), apply ML models in production, and ship scalable software. Quick learner with strong teamwork and problem-solving skills — seeking an entry-level Software Developer or Full Stack Developer role.

TECHNICAL SKILLS

Languages	Java, Python, JavaScript, HTML5, CSS3
Frameworks	React.js ,Next.js, Tailwind CSS
Databases	MySQL, SQLite
Tools & IDEs	VS Code, Android Studio, Postman, Eclipse, Git, GitHub
Concepts	OOP, REST APIs, SDLC, Agile/Scrum
APIs / AI	Razorpay API, Google Vision API, OpenCV, ML Integration

PROJECTS

CampusCrave — Full Stack Food Ordering Platform	2025
<i>Tech: React.js · Flask · MySQL · Python · Razorpay API · REST APIs · JWT Auth · GitHub</i>	
- Built secure JWT-authenticated ordering system with dynamic cart, combo logic, and menu items; integrated Razorpay for end-to-end payment flow. - Developed ML demand prediction model improving inventory planning with ~85% accuracy; exposed all features via RESTful Flask APIs.	
Real-Time Human Detection & Counting — Computer Vision App	2024
<i>Tech: Python · OpenCV · HOG Descriptor · Background Subtraction · GitHub</i>	
Engineered real-time people detection in live video streams with unique ID tracking to eliminate duplicate counts; applicable for crowd monitoring and retail footfall analysis.	
Nutrition Analysis App — Android Application	2024
<i>Tech: Java · Android Studio · Google Vision API · OCR · SQLite · MVC · GitHub</i>	
Developed native Android app using Google Vision OCR to extract nutritional data from food images; SQLite-backed history for dietary tracking across Android OS versions.	

EDUCATION

Master of Computer Applications (MCA)	CGPA 8.54/10	2024 – 2026
<i>Pimpri Chinchwad University, Pune</i>		
Bachelor of Computer Science (BCS)	CGPA 8.38/10	2021 – 2024
<i>K. J. Somaiya College, Kopergaon, Maharashtra</i>		
Class XII – HSC (Science)	88.17%	2020 – 2021
<i>Shri Saibaba Junior College, Shirdi, Maharashtra</i>		

CERTIFICATIONS & STRENGTHS

Certifications:	Key Strengths:
- Training Course In Java— Esteem Institute (Jan 2024) - Training Course In C— Esteem Institute (Dec 2022)	- Full Stack Dev - REST API Design - ML Integration - Version Control (Git) - Problem Solving - Team Collaboration
